Recommended Service Changes

- One route for Fort Stewart.
- All routes will stop at the Liberty Regional Medical Center.
- More direct routes.
- Consistent and simple schedule.
- Match current routes where possible.

Highlights:

New route 1 "red" will have consistent headway of 75 minutes between buses with 11 runs which includes service runs 3 times a day to Walthourville and 8 times to the YMCA.

(Replaces current route 8 "orange" with mixed headways with 13 runs including service 3 times a day to Walthourville 2 times per day to YMCA.)

New route 2 "green" will have consistent headway of 90 minutes between buses with 9 runs.

(Replaces the current route 7 "green" with mixed headways with 9 runs including service 2 times a day to Savanah Tech on Mon-Thur and 2 times a day to Food Lion on Mon-Fri.)

New Route 3 "blue" will have consistent headway of 90 minutes between buses with 6 runs and no limited service.

(Replaces current route 6 "purple" with mixed headways including 3 times a day limited service to north Fort Stewart).

Proposed effective date for the new routes and schedule changes is November 1st, 2018.

Current and proposed route maps and schedules are shown on the back side of this flyer.

"COMPLEMENTARY PARATRANSIT SERVICES"

Public transit agencies that run fixed route services must also provide ADA "complementary paratransit services" for those who are unable to use accessible fixed route services. This includes the inability to access the buses, transit stops, facilities, or to independently navigate through the system.

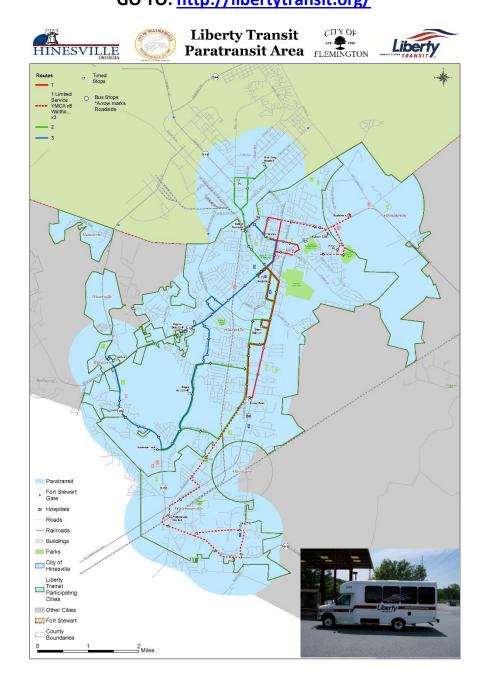

Liberty Transit currently provides service to the severely disabled using a "deviated route" paratransit service where a trip is called in by a certified individual with the bus deviating from the route for the pickup. Liberty Transit has been working with the Federal Transit Administration to transition from "deviated route" to a "complementary paratransit services", stand alone paratransit service that complements the fixed route system.

Complementary paratransit provides a high level of service and dependability with at least two buses available at any one time; extensive driver training and accurate documentation to log each trip. Liberty Transit paratransit services will operate using specialized buses during the same hours as the regular bus service to provide inclusive transit service to the severely disabled.

The proposed service area is shown on the map and includes all of Hinesville, Flemington, Walthourville plus parts of Liberty and Long Counties, Fort Stewart and Allenhurst that are within $\frac{3}{4}$ mile of a fixed route.

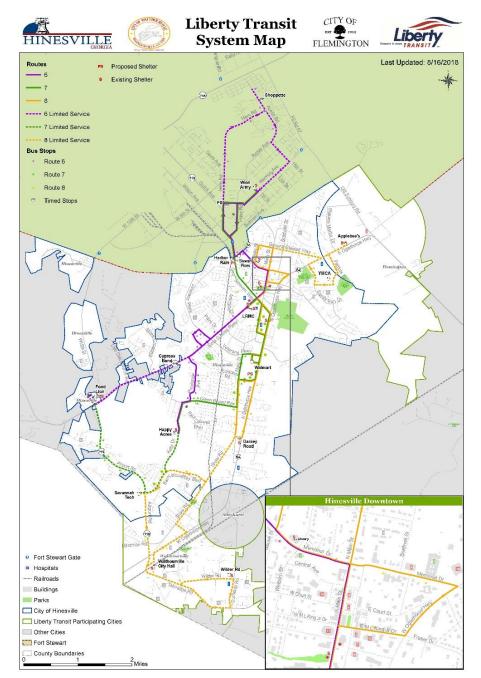

We anticipate starting this service on November 1, 2018.
